IN PRE-K AND KINDER

AN ADVENTURE IN CODING

Ruth Hanson and Christine Wardwell
Duchesne Academy

Presentation at:

houstoncode.weebly.com/beebots

WHY DID WE CHOSE BEE-BOTS

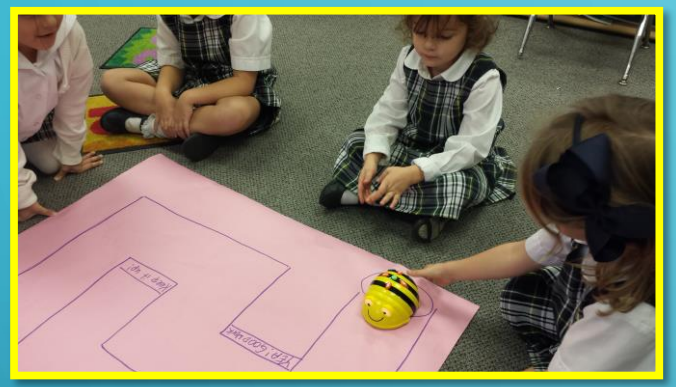
- Wanted a “hands on” coding experience
- Logical thinking – basis of coding
- Discovering and creating step by step directions
- Bright and Colorful
- Easy to use and durable

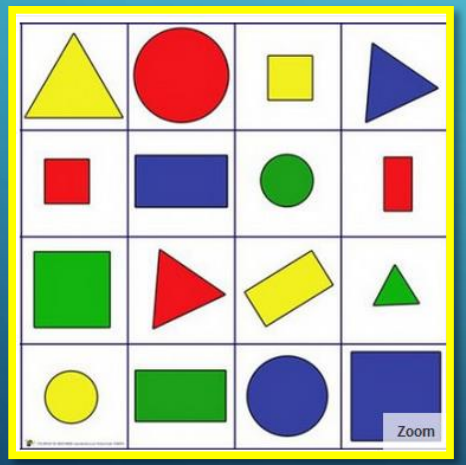
BEE-BOTS AND PRE-K/KINDER CURRICULUM

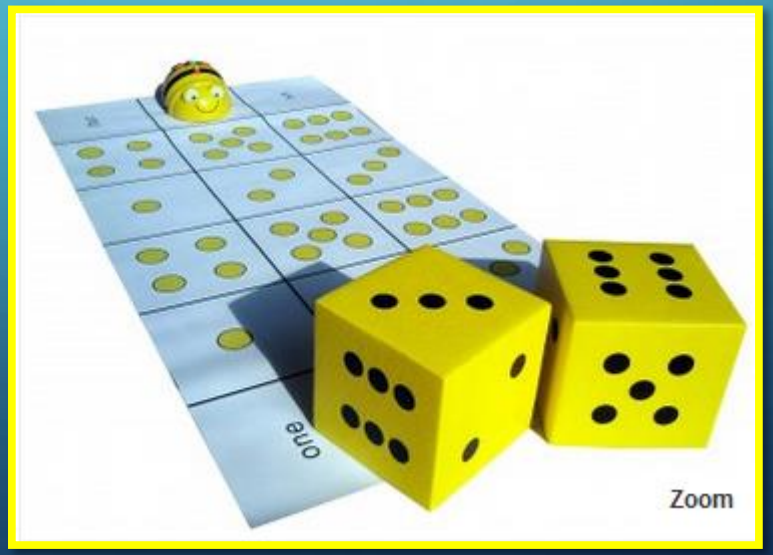
- All subjects can be applied
- Easy to differentiate – all students can enjoy and learn
- Can be as easy or difficult as you want to make it
- Engages everyone - even the most distractible student
- Big bang for your buck!!

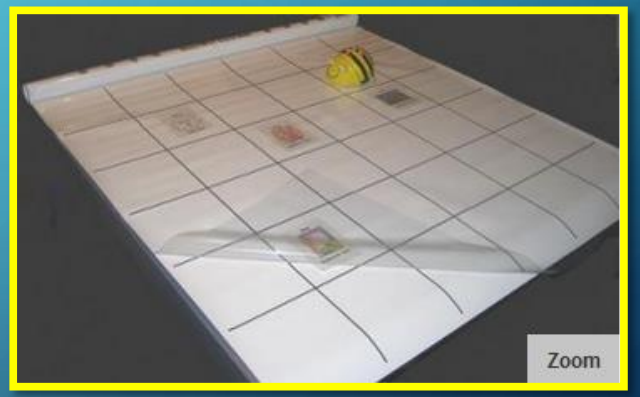
HOUR OF CODE AND BEE-BOT FEST

BEE-BOT MATS









COSTS

- 1 BEEBOTS - $89
- DOCKING STATION (HIVE), 6 BEEBOTS, BACKPACK - $600
- MATS – $30-$50

*The docking station or “hive” is very convenient. Without the hive, you have to plug in each BeeBot into a computer to charge.
*Charge lasts for a LONG time!
